

## INDEX OF THE HERALDIC REGISTER OF AMERICA

Volumes I-XVII of **THE HERALDIC REGISTER OF AMERICA** were originally published in paperback format, accumulating an average of 60 Registrations since the publication of the previous issue. Unfortunately, over the years, interest in purchasing said Volumes waned dramatically, and so it was decided that no future "hard" copies would be generated. Unfortunately, there is no online database of emblazonments of the Registered Arms. This index is intended primarily as a resource for individuals who have actually Registered Armorial Bearings with the College, as well as those seeking possible relatives with such Arms. There are no electronic versions of Volume I-XVII available, and all hard copies are completely sold out. As a result, all Registrations completed through the end of Volume XVII are now listed below in **BLACK**.

With the advent of less-expensive, on-demand printing, it was determined to "catch up" all Registrations to the present, and so Volume 1 of Series II of **THE HERALDIC REGISTER OF AMERICA** is available directly from Amazon in both hardcover and paperback editions, featuring all Registrations entered in the College's records from the end of Volume XVII (beginning with Registration #3319). Additional details are available by clicking the image at right. The College is pleased to release this new work in both hardcover and paperback, as well as in eBook format, available exclusively through Amazon.com.

- **Premium Hardcover, on sumptuous, quality paper with superb colour. ISBN: 979-8-8377-3205-8**
- **Paperback, on standard white paper in bold full colour. ISBN: 979-8-8315-5675-9**
- **Also in eBook for Kindle and other standard readers. ASIN: B0B4X1PYDB**

The College is pleased to release this new work in both hardcover and paperback, as well as in eBook format, available exclusively through Amazon.com.

**The direct link to purchase any one of these formats is shown here: <https://amzn.to/3Okjgg7>**

All entries in this first Volume of the new Series are included in this cumulative index in **RED**. Please note the following key for **Series II Volume 1** entries:

- **ENTRIES IN BOLD ALL CAPS** = Registrant of Armorial Bearings
- **Regular Title Case** = Legitimate Descendants entitled to bear Armorial Bearings of a Registrant
- **Italic Title Case** = Additional Descendants Registered after an original Armorial Registration (birth of a child, etc.)

All Registrations entered into the rolls post-publication of **HRA Series II, Volume 1** appear **below the cumulative roll**, in **PURPLE**, and show the issue of *The Armiger's News* in which they were published - they will be incorporated into the master index upon publication of the next cumulative edition. Key:

- **ENTRIES IN BOLD ALL CAPS** = Registrant of Armorial Bearings
- **Regular Title Case** = Legitimate Descendants entitled to bear Armorial Bearings of a Registrant
- **Italic Title Case** = Additional Descendants Registered after an original Armorial Registration (birth of a child, etc.)
